LEAVE NO ONE BEHIND

OUR WORLD IRISH AID AWARDS 2019

IRISH AID

Irish Aid is Ireland's official programme of overseas development assistance, managed by the Department of Foreign Affairs and Trade. Irish Aid works with governments, aid organisations and the United Nations in over 80 countries.

Irish Aid provides:

- > **Humanitarian assistance** to communities affected by war, climate change and extreme weather events
- > **Development assistance** for long-term improvements for communities in some of the poorest countries in the world

Irish Aid works in 8 partner countries in Africa and Asia to tackle hunger, poverty, climate change and inequality, and to support human rights. Ireland's aid programme is internationally ranked as one of the best in the world.

THE AIM OF THE OUR WORLD IRISH AID AWARDS

Irish Aid established the Awards in 2005 to:

- > Increase pupils' understanding of the United Nations Global Goals and the work of Irish Aid
- > Help pupils to explore the links between their lives and the lives of children in developing countries

THE UNITED NATIONS GLOBAL GOALS FOR SUSTAINABLE DEVELOPMENT

In 2015, the United Nations agreed a set of 17 Global Goals to deal with the most serious problems facing the world, such as poverty, injustice, and damage to the environment. These Goals, which build on the achievements of the previous UN Millennium Development Goals, aim to make a better life for all people now and in the future.

The United Nations Global Goals have led to many improvements for the world's population, for example:

- > **1.6 billion people** gained access to clean cooking fuels
- > The number of children under 5 dying annually has **fallen by almost half**
- > The number of extremely poor has been **cut by half**
- > Globally the number of people with access to electricity **more than doubled**

But still, in our world of 7.6 billion people:

- > **36 million children** are displaced in the world
- > Only **26%** of parliamentary seats are held by women
- > An estimated **24% of young people** do not have access to clean drinking water
- > **9 out of 10 people** living in cities breathe polluted air

193 countries, including Ireland, have promised to work together to tackle these global challenges and achieve the Global Goals by the year 2030.

'THE THEME FOR THE 2019 AWARDS: 'LEAVE NO ONE BEHIND'

This year's theme relates to many of the Global Goals and the pledge by the international community to ensure that no one is left behind.

By participating in the Awards, pupils will explore the links between their lives and the lives of people in the least developed countries. They will learn how all countries, including Ireland, are working together to make sure that the most vulnerable people are taken into account. The Awards will also help pupils to consider what they can do to make sure that no one in our world is left behind.

1. EXPLORE

The Awards website, www.ourworldirishaidawards.ie, contains a range of useful materials, including:

- > Downloadable PDFs of the pupil's magazine (Resource section)
- > Detailed curriculum-linked lesson plans (Teacher section), including:
 - > Worksheets for pupils
 - > Teacher resource sheets
- > Good practice ideas (Teacher section)

These materials will help you and your pupils to think and talk about development issues, and explore the 2019 Awards theme.

REMEMBER:
Fill out the Entry Diary (included with this booklet) with your pupils as you go!

2. CHOOSE

Having used the magazine and lesson plans to help pupils understand the theme, choose a relevant topic of interest for your project.

Projects in any format could focus on any, or all, of the following:

- > The importance of the Global Goals as a way to improve the lives of children in developing countries (for a list of countries officially classified as 'developing' visit www.ourworldirishaidawards.ie/faqs)
- > The experiences of children in one or more of Irish Aid's 8 partner countries
- > The importance of Global Goals as a way of fighting hunger, poverty and the climate change in our world

Whatever the chosen topic, **it is important that the project addresses the 2019 theme: 'Leave No One Behind', with a focus on the developing world context.**

3. CREATE

Create a project that shows your pupils' response to this year's theme. Projects can take any form. You will find plenty of ideas on the website.

You can adapt or expand projects completed for other related programmes or awards and enter your revised project for the Our World Irish Aid Awards.

Remember to complete and submit the Entry Diary with your project by the deadline. The Diary is used as part of the judging process, so it is very important to note all the work done by you and your pupils throughout.

4. ENGAGE

Pupils should communicate what they have learned to the rest of the school and/or the wider community. They could, for example, do one or more of the following:

- > Talk to other classes in the school
- > Display posters, artwork or information in the school or local community
- > Host an assembly or exhibition of their work
- > Tell others about what can be done to improve the lives of all people, everywhere, now and in the future
- > Compile and show a film or slide presentation
- > Write to public representatives or public figures
- > Send an article or email to a local newspaper or community newsletter
- > Record a radio show
- > Write a blog or use social media to record their progress and raise awareness
