

SONG AND DANCE

Have you heard of the dance group Cairde? They're a group of young lads who create fun videos combining traditional Irish dance with modern music – a fresh take on Irish culture!

Check out the lads from Cairde dancing to the Greatest Showman!

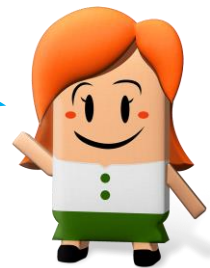

Can you think of some ways to create something new and exciting with Irish dance? Maybe you can incorporate it into the Jerusalema dance challenge, a South African song and dance which has people from all over the world adding their own cultural twist!

OR

Tell us why you think it's important to keep Irish dance relevant. How can thinking outside the box help dance to evolve or new types of dance styles to emerge? Is this important for all cultures?

Check out these kids doing the Jerusalema Dance!

You can send us a video of your dance on social or via email for your chance to feature in the *Global Goal Getters*, our online children's magazine.
