SUPPORTING GIRLS' EDUCATION IN SIERRA LEONE DURING THE COVID-19 PANDEMIC: CASE STUDY (page 7)

Write a short script for a radio broadcast telling Fatmata and other children and young people in Sierra Leone about your learning at home during the Covid-19 school closures. Remember, radio is all about sound, so you could add sound effects by writing a description of a sound in brackets. For example, (phone ringing in the background) or (the sound of someone being admitted from the waiting room during a zoom lesson).
